Per la riproduzione delle cartelle colori, Veneziani Yachting si avvale dei più moderni strumenti della tecnologia colorimetrica; ciò permette di ridurre al minimo gli eventuali scostamenti con il prodotto originale rappresentato. Le tinte di questa cartella colori hanno solo valore indicativo.

In the preparation of the colour cards, Veneziani Yachting applies the most updated instruments of the colorimetric technology; this allows to minimize any possible gap with the original represented product. Above colours are to be considered as indicative only.

Pour la préparation des nuanciers, Veneziani Yachting utilise les instruments issues de la technologie colorimétrique les plus modernes; ça permet de minimiser les éventuelles différences de teintes avec le produit original représenté. Les teintes reproduites ont seulement une valeur indicative.

Für die Herstellung der Farbtafeln verwenden Veneziani Yachting die modernsten Methoden der Farbtechnologie. Dadurch werden eventuelle Abweichungen von den Originalfarben auf ein Minimum reduziert. Anmerkung: Die in dieser Broschüre abgebildeten Farbtöne sind nur annähernd wiedergegeben.

Para la reproducción de la carta de colores Veneziani Yachting se emplean los instrumentos de última generación específicos para la colorimetría, esta precisión nos permite reducir al mínimo la diferencia con el original. Los colores reproducidos en este opúsculo tienen sólo un valor aproximado.

Za izradu ton karti, Veneziani Yachting je koristio najmodernije instrumente kolorimetrijske tehnologije; koji omogućavaju najmanja odstupanja od originalnog proizvoda. Tonovi iz ove karte su indikativni.

Veneziani Yachting. Centocinquant'anni di qualità.

Leaders in yacht paint systems.
